+ A 3 step plan to pick your first idea

READ THIS FIRST.

AI did not make money. **People** using AI make money.

Every idea in this guide follows one pattern: find a business with a problem, use AI to solve it faster, and get paid.

How to use this guide:
1. Flip through all 50 ideas.
2. Circle the 3 that excite you.
3. Pick one. Run the "Start here" step this week.

01

CREATE CONTENT

Sell words, video, voice and art.

10 IDEAS INSIDE

01

Run an AI-assisted content channel

WHAT IT IS

Use AI to plan, script, edit and polish videos for YouTube, TikTok or Instagram.

START HERE

Pick one niche. Post 3 short videos a week for 30 days.

WHO PAYS

Ad revenue, sponsors and brands paying for shoutouts.

02

Sell AI writing services

WHAT IT IS

Write blogs, articles and ads faster with AI, then edit them in your own voice.

START HERE

Learn prompting. Put 3 sample pieces on Upwork or Fiverr.

WHO PAYS

Small businesses, agencies and busy founders.

03

Create social posts and ads for small businesses

WHAT IT IS

Turn one business brief into a full month of posts and ad versions.

START HERE

Make 10 free sample posts for a local shop. Ask for a paid month.

WHO PAYS

Local shops, restaurants, salons and coaches.

04

Offer AI video editing and summaries

WHAT IT IS

Cut long videos into short clips and quick summaries with AI editing tools.

START HERE

Master one AI video tool. Build 5 before-and-after clips.

WHO PAYS

Creators, coaches and firms with long recordings.

05

Sell AI voiceovers for YouTube

WHAT IT IS

Turn scripts into clean narration with AI voice tools. No studio needed.

START HERE

Test two voice tools. Send creators a free 60 second sample.

WHO PAYS

YouTubers, vloggers and explainer video makers.

06

Transcribe podcasts and write show notes

WHAT IT IS

Convert episodes into transcripts, summaries, chapters and show notes.

START HERE

Pick 3 small podcasts. Send each a free sample for one episode.

WHO PAYS

Podcast hosts and networks.

07

Write product descriptions that sell

WHAT IT IS

Generate search-friendly listings for online stores in bulk, then polish them.

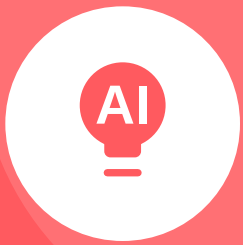

START HERE

Offer 20 listings at a launch price to one online seller.

WHO PAYS

Sellers on Shopify, WooCommerce and marketplaces.

08

Design logos and graphics with AI

WHAT IT IS

Produce logos, banners and brand graphics from prompts, then refine by hand.

START HERE

Build 10 sample brand kits. Sell them as packs on freelance sites.

WHO PAYS

Freelancers and new small businesses.

09

Create and sell AI artwork

WHAT IT IS

Generate images, music or short videos and list them on art marketplaces.

START HERE

Pick one style. Publish 20 pieces on one marketplace.

WHO PAYS

Marketplace buyers, print shops and brands.

10

Build online courses with AI

WHAT IT IS

Use AI to outline lessons, draft scripts and shape a full curriculum.

START HERE

Choose one skill you know well. Outline a 5 lesson mini course.

WHO PAYS

Learners, and educators who need course content.

02

MARKET AND SELL

Help brands win customers.

10 IDEAS INSIDE

11

Run AI email campaigns

WHAT IT IS

Plan, write, test and report on email campaigns with AI doing the heavy lifting.

START HERE

Offer one 3 email welcome sequence to a small brand.

WHO PAYS

Digital marketers and online stores.

12

Write subject lines that get opened

WHAT IT IS

Create subject line and preview text options, then test which one wins.

START HERE

Send 5 subject line options per email. Charge per batch.

WHO PAYS

Email marketers and newsletter owners.

13

Sell AI ad creation and testing

WHAT IT IS

Generate many ad versions and find the winners faster.

START HERE

Run a small test ad budget for one client. Show the results.

WHO PAYS

Brands that want better ad results.

14

Offer AI-powered SEO services

WHAT IT IS

Use AI tools to find keywords, plan content and fix weak pages.

START HERE

Audit one local business site for free. Present 3 quick wins.

WHO PAYS

Businesses that want more search traffic.

15

Write landing pages and website copy

WHAT IT IS

Generate and refine copy that turns visitors into leads.

START HERE

Rewrite one page for a friend's business. Track the change in sign-ups.

WHO PAYS

Web designers, marketers and founders.

16

Build sales email sequences

WHAT IT IS

Draft cold outreach and follow-up sequences for B2B teams.

START HERE

Write one 5 email sequence for a business you know.

WHO PAYS

B2B sales teams and entrepreneurs.

17

Manage influencer campaigns

WHAT IT IS

Find fitting influencers and track campaign results with AI.

START HERE

Shortlist 10 creators for one brand. Pitch the plan.

WHO PAYS

Brands investing in influencer marketing.

18

Run social media management

WHAT IT IS

Plan, schedule and analyze a client's social content.

START HERE

Take one client. Build a 30 day content calendar.

WHO PAYS

Small businesses with no time to post.

19

Build lead qualification chatbots

WHAT IT IS

Create bots that chat with visitors and sort serious buyers from browsers.

START HERE

Set up one bot on a demo site. Record it capturing leads.

WHO PAYS

B2B marketers and event organizers.

20

Monitor brand reputation

WHAT IT IS

Track brand mentions and sentiment, then report what people are saying.

START HERE

Run a free report on one local brand. Offer monthly tracking.

WHO PAYS

Businesses and public figures.

03

AUTOMATE SERVICE

Answer, book and support 24/7.

10 IDEAS INSIDE

21

Build chatbots for businesses

WHAT IT IS

Create assistants that answer common customer questions all day.

START HERE

Learn one chatbot platform. Build a bot for a local FAQ.

WHO PAYS

Any business with repeat questions.

22

Sell customer support automation

WHAT IT IS

Set up chatbots and ticket systems so support teams handle more with less.

START HERE

Map one company's top 10 questions. Automate the first 5.

WHO PAYS

Growing businesses that need to scale support.

23

Offer AI voice booking assistants

WHAT IT IS

Voice assistants that take bookings and schedule appointments.

START HERE

Build a demo for a clinic or salon. Record a short demo call.

WHO PAYS

Clinics, salons, restaurants and service firms.

24

Personalize online shopping

WHAT IT IS

Recommend the products each shopper is most likely to buy.

START HERE

Pitch one small store a simple recommendation feature.

WHO PAYS

Online retailers.

25

Create virtual personal shoppers

WHAT IT IS

A chatbot that gives style advice and product picks for fashion brands.

START HERE

Prototype a style assistant for one fashion page.

WHO PAYS

Fashion retailers.

26

Build AI teaching assistants

WHAT IT IS

Bots that answer student questions for online courses.

START HERE

Train a bot on one course. Offer the creator a free pilot.

WHO PAYS

Course creators and e-learning platforms.

27

Offer multilingual customer support

WHAT IT IS

Translate customer chats and calls in real time for global businesses.

START HERE

Pick 2 languages. Set up a demo translated support chat.

WHO PAYS

Global e-commerce brands and support teams.

28

Analyze customer feedback

WHAT IT IS

Read reviews, surveys and social posts to pull out what customers want.

START HERE

Analyze 200 reviews of one product. Share a one page report.

WHO PAYS

Product and marketing teams.

29

Run voice feedback surveys

WHAT IT IS

Collect customer opinions by voice, then turn answers into insights.

START HERE

Run a 10 person voice survey for a friend's business.

WHO PAYS

Businesses hungry for customer insight.

30

Make interactive product demos

WHAT IT IS

Create guided demos and tutorials for software and products.

START HERE

Build one demo walkthrough for a tool you like.

WHO PAYS

SaaS companies and software providers.

04

TEACH AND TRAIN

Education and career services.

10 IDEAS INSIDE

31

Build employee training platforms

WHAT IT IS

Personalize learning paths and onboarding for staff.

START HERE

Create one onboarding track for a small team.

WHO PAYS

HR departments and growing companies.

32

Create language practice chatbots

WHAT IT IS

Let learners practice real conversations at any hour.

START HERE

Pick one language. Build a bot that plays a shopkeeper.

WHO PAYS

Language learners and schools.

33

Improve resumes and job applications

WHAT IT IS

Match resumes and cover letters to job postings.

START HERE

Offer 5 job seekers a free rewrite. Collect testimonials.

WHO PAYS

Job seekers.

34

Build resume and portfolio websites

WHAT IT IS

Generate a clean career site from a person's details.

START HERE

Make one template. Sell personalized versions.

WHO PAYS

Job seekers, freelancers and graduates.

35

Score and give feedback on student writing

WHAT IT IS

Tools that grade essays and explain how to improve them.

START HERE

Test on 20 sample essays. Show the results to a teacher.

WHO PAYS

Schools and universities.

36

Translate and subtitle online courses

WHAT IT IS

Help courses reach new markets with translated lessons and subtitles.

START HERE

Subtitle one course video in a second language as a sample.

WHO PAYS

Course creators and e-learning platforms.

37

Create narrated e-learning content

WHAT IT IS

Produce training audio with AI voices at a fraction of studio cost.

START HERE

Narrate one training module as a demo.

WHO PAYS

Corporate training teams.

38

Match talent with jobs

WHAT IT IS

Match candidates to roles faster with AI screening.

START HERE

Score 20 resumes against one job. Show a ranked list.

WHO PAYS

Recruiters and HR teams.

39

Parse resumes at scale

WHAT IT IS

Pull skills out of resumes and sort them against job needs.

START HERE

Build a simple parser demo. Test it on sample resumes.

WHO PAYS

Recruiting agencies.

40

Write better job posts

WHAT IT IS

Craft clear, inviting job listings fast.

START HERE

Rewrite 3 weak job posts for local firms.

WHO PAYS

HR teams and recruiters.

05

DATA AND NICHE PLAYS

Insights, real estate and apps.

10 IDEAS INSIDE

41

Automate data entry and documents

WHAT IT IS

Pull data from forms and documents and push it into business systems.

START HERE

Automate one form type for an office. Time the savings.

WHO PAYS

Businesses drowning in paperwork.

42

Build task automation tools

WHAT IT IS

Spot a daily pain point and build a tool that fixes it.

START HERE

List 10 annoying tasks at a business you know. Automate one.

WHO PAYS

Teams and professionals.

43

Analyze surveys and open feedback

WHAT IT IS

Read open-ended answers and sort them by theme and mood.

START HERE

Take a free survey dataset. Produce a one page insight report.

WHO PAYS

Companies collecting customer feedback.

44

Create dashboards and reports

WHAT IT IS

Turn messy data into clear dashboards that leaders actually read.

START HERE

Build one dashboard from public data as a portfolio piece.

WHO PAYS

Businesses that want insight from their numbers.

45

Sell market research insights

WHAT IT IS

Analyze consumer trends and sentiment, then sell what you find.

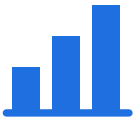

START HERE

Pick one industry. Publish a short trend brief.

WHO PAYS

Product and marketing teams.

46

Offer sales forecasting and lead scoring

WHAT IT IS

Help sales teams know which leads to chase first.

START HERE

Score a client's old leads. Compare with real results.

WHO PAYS

Sales teams.

47

Stage homes virtually

WHAT IT IS

Digitally furnish empty homes for online listings.

START HERE

Stage 5 sample rooms. Offer an agent one free listing.

WHO PAYS

Real estate agents.

48

Make real estate video tours

WHAT IT IS

Turn property photos and clips into polished listing videos.

START HERE

Create one tour for a listing. Pitch 3 local agents.

WHO PAYS

Agents and brokers.

49

Build a personal finance app

WHAT IT IS

Budgeting and saving tools that people pay for monthly.

START HERE

Choose one money problem. Build a simple tracker around it.

WHO PAYS

Everyday users, through subscriptions.

50

Launch an AI fitness and wellness coach

WHAT IT IS

Personalized coaching plans delivered by app or chat.

START HERE

Pair your own fitness know-how with a chatbot. Test with 10 users.

WHO PAYS

Subscribers and wellness brands.

YOUR 3 STEP PLAN.

1

PICK ONE

Choose the idea that fits your skills and the buyers you can reach fastest.

2

BUILD A SAMPLE

Make one free sample or demo. Proof beats promises.

3

ASK FIVE PEOPLE

Send your sample to 5 likely buyers. Ask for the sale.
